PROFESSIONAL SUMMARY

Dynamic Software Developer with hands-on experience in building e-commerce and mini web applications using React.js, JavaScript, HTML, and CSS. Proficient in Git version control and versed in Python, C++, and cybersecurity. Strong foundation in OOP, DBMS, and computer networks.

EDUCATION

Adarsh Bal Vikas High School, Haryana

X

May 2018

Govt Girls Sr Sec School, Haryana

XII

May 2020

Chitkara University, Punjab

BE(CSE)

Present

SKILLS

Technical Skills: MongoDB, Node.js, Git, Java, React, JavaScript, CSS3, HTML5

Soft Skills: Effective Communication, Attention to Detail, Adaptability, Time Management, Teamwork, Problem Solving

PROJECTS

Calculator |

- 🔗 Deployed Link : <https://calculator-umber-eta-61.vercel.app/>
- 📁 Github Repo : <https://github.com/NancyKargwal1/Calculator.git>
- Developed a responsive calculator web app to perform basic arithmetic operations such as addition, subtraction, multiplication, and division
- Designed a clean and user-friendly interface for easy input and result display
- Implemented core calculator logic using JavaScript for real-time calculations
- Utilized HTML, CSS, and JavaScript to build and style the application

Fleet Management System |

- 🔗 Deployed Link : <https://mellifluous-donut-c17b38.netlify.app>
- 📁 Github Repo : <https://github.com/NancyKargwal1/MotoMatrix.git>
- Contributed to the development of a web-based Fleet Management System for efficient vehicle tracking and management
- Assisted in implementing features such as vehicle tracking, maintenance scheduling, and driver activity monitoring
- Supported real-time data handling to ensure up-to-date fleet information
- Worked with technologies including HTML, CSS, JavaScript, and basic backend frameworks

E-commerce Platform |

- 🔗 Deployed Link : <https://amazone-clone-theta-cyan.vercel.app/>
- 📁 Github Repo : <https://github.com/NancyKargwal1/AmazoneClone.git>
- Developed a responsive e-commerce web application replicating Amazon's homepage using HTML, CSS, and JavaScript.
- Implemented key features such as product listings, search bar, and navigation menu to enhance user experience.
- Applied front-end development techniques to create visually appealing and functional user interfaces.
- Demonstrated proficiency in building interactive web components and ensuring cross-device compatibility.
